Now this is happening !

1) All elected presidents globally deployed 5G and 5G is high frequency microwave which is military weapon directed against the people from satellites and cell phone towers ... 5G microwave behind the flue like symptoms , cough, difficulty to breath ,pulpitation in heart and low immunity ...etc ! This is radiation poisoning symptoms !!
COVID is radiation poisoning because of 5G roll out !

2) All elected presidents globally rolled out the called vaccines death bioweapons injections... that cause heart attack, clot, stroke, low immunity , damage to central nervous system, HIV, cancer ..etc..

We are in war and people globally are the enemy !!

Satanic freemasons of CROWN CORPORATION in UK infiltrated every government globally to participate in the "depopulation agenda" with wars, with 5G roll out,with forced death bioweapons injections , with attacking the people with directed energy ... Trump like every other elected politicians just puppets to the British Crown Corporation , all those politicians committed treason

Why arent there more update videos being made on these poor victims? have they died? Have they now been forgotten apart from the UK have people come to their senses and STOP taking any more? Where are the updates? All these video's and victims seem to have stopped being reported after 2022? Is this a UK censorship thing? Wouldnt surprise me. We are often being told 'cant show this video because of your region/country?' I remember seeing such notifications for countries like China/Saudi Arabia/Libya/Iran etc? How things have change and people dont realise.

1) First do a D-DIMER TEST, which indicates blood clots,
because these shots are not vaccines, but proven bioweapons, which contain nano graphen oxide and snake venoms, which cause abormal blood clots, myocarditis, pericarditis, from which already even many young people have died.

2) Buy a bottle of chlorinedioxid solution = CDL 0,3%
and take it according the medical protocol of Dr. Andreas Kalcker against blood clotting. See the video:

3) Detox the poisonous Spike Protein which accumulates in the liver, heart, brain, testis, and ovaries

If you were misled into believing you received an FDA-approved product, find a lawyer. There are strong penalties for misbranding.

Comirnaty and Spikevax have never been and will never be available in the US. ALL Pfizer and Moderna Covid jabs are EUA - emergency use authorization = experimental = phase III clinical trial.

Any representation that an FDA-approved product was being administered is misbranding, defined as
"fraudulent practice, consisting of providing deliberately misleading information on the packaging for a particular product (hiding information on labeling, evading controversial product or service aspects, etc.) with the objective of benefiting from the confusion generated amongst potential customers."
The following fines are applicable for each offense:
• Up to $100,000 for a misdemeanor by an individual that does not result in death.
• Up to $200,000 for a misdemeanor by a corporation that does not result in death.
